

Logan Born

loborn@sfu.ca

Education

Doctor of Philosophy , Computing Science	Ongoing
Simon Fraser University, Burnaby, BC, Canada	
Cumulative GPA: 4.33 (on a 4.33 point scale)	
Senior Supervisor: Anoop Sarkar	
Master of Science , Computing Science	2018
Simon Fraser University, Burnaby, BC, Canada	
Cumulative GPA: 4.2 (on a 4.33 point scale)	
Senior Supervisor: Anoop Sarkar	
Thesis Title: <i>Properties of Prefix Lexicalized Synchronous Grammars</i>	
Bachelor of Science , Computer Science with Linguistics Minor	2016
University of Calgary, Calgary, AB, Canada	
Cumulative GPA: 3.985 (on a 4 point scale)	

Teaching and Research Interests

- I am interested in **interdisciplinary** work applying tools from **natural language processing** to **analyse and visualize corpora from the humanities** and social sciences, with a focus on **low-resource archaeological decipherment problems**.
- Secondary interests include **formal language theory** and **natural language syntax**.

Other Presentations

Logan Born, M. Willis Monroe, Kathryn Kelley, and Anoop Sarkar. 2022. From signs to numbers: Towards richer encodings of ancient text. Talk presented at *History in Ones and Zeroes – The Challenges Involved in Coding the Past*, Vancouver, Canada.

Logan Born, M. Willis Monroe, Kathryn Kelley, and Anoop Sarkar. 2021. Compositionality of complex graphemes in the undeciphered proto-Elamite script using image and text embedding models. Poster presented at the *6th Workshop on Representation Learning for NLP (Repl4NLP)*, Online.

Wang, Chenhao, Philip Cho, **Logan Born**, Zhuo Cen, and Yijing Xue. 2019. Taxi demand prediction for regions with sparse demand. Poster presented at the 1st BC AI Student Showcase, Vancouver, Canada.

Logan Born, and Anoop Sarkar. 2018. A weight-preserving lexicalization for weighted synchronous context-free grammars. Talk presented at the 9th International Workshop on Weighted Automata: Theory and Applications (WATA 2018), Leipzig, Germany.

Han, Chung-hye, and Anoop Sarkar. 2017. Coordination in TAG without the conjoin operation. **Talk presented on behalf of Anoop Sarkar** at the 13th International Workshop on Tree-Adjoining Grammar and Related Formalisms, Umeå, Sweden.

Teaching Experience

Invited Lectures

IT Solutions for Collections Management Simon Fraser University, 2019
 ARKY 349 – Management of Archaeological Collections

Teaching Assistant, Simon Fraser University

CMPT 120: Introduction to Computing Science and Programming I	Fall 2017, Fall 2022
CMPT 379: Principles of Compiler Design	Fall 2021
CMPT 353: Computational Data Science	Fall 2019
CMPT 225: Data Structures and Programming	Fall 2019

CMPT 127: Computing Laboratory
 CMPT 225: Data Structures and Programming
 CMPT 383: Comparative Programming Languages

Summer 2018
 Fall 2017
 Summer 2017

Selected Research Experience

Data Exploration for Undeciphered Ancient Near Eastern Scripts Ongoing
 With an interdisciplinary team of archaeologists and computer scientists, performed the first-ever large-scale computational analysis of the undeciphered proto-Elamite script.

Writing Well is Hard 2022
 Collaborated with academics and professionals in the editing industry to develop a suite of visualizations to facilitate editing academic writing (www.writingwellishard.com).

Google Summer of Code 2020 2020
 Interned with the Cuneiform Digital Library Initiative to develop tools for processing numeric notations in ancient scripts, and created novel exploratory visualizations for ancient accounting corpora.

Simon Fraser University Tree-Adjoining Grammars Reading Group 2016–2017
 As part of an interdisciplinary linguistics/computer science reading group, helped develop a novel approach to sentence coordination which is less computationally complex than prior approaches.

Formal Properties of Tree Tuple Multi-Component Tree Adjoining Grammars 2015
 Investigated whether all tree-tuple multicomponent tree adjoining languages are semilinear, and searched for normal forms and pumping algorithms for these languages.

Research Grants

NSERC Canada Graduate Scholarship-Doctoral (CGS-D) 2020–2023
 Awarded by the National Science and Engineering Research Council of Canada (NSERC)

NSERC Canada Graduate Scholarship-Master's (CGS-M) 2016
 Awarded by the National Science and Engineering Research Council of Canada (NSERC)

NSERC Undergraduate Student Research Award (USRA) 2015
 Awarded by the National Science and Engineering Research Council of Canada (NSERC)

Volunteer Experience

Simon Fraser Museum of Archaeology and Ethnology
 Research Associate 2019–2020
 Archive Digitization and Cataloguing 2017–2018

Scribe and Muse English Club
 Peer Revising (reviewing and editing assistance) 2015–2016

Language Competence

English (native), **French** (reading and writing), **German, Italian, Japanese** (reading only)
